

RAVINDRA NAMDEV

Jabalpur, India 482001 | 7089508772 | ravindranamdev9752@gmail.com | [LinkedIn](#) | [Portfolio](#) | [GitHub](#)

SUMMARY

Computer Science Engineering student specializing in Artificial Intelligence and Machine Learning (AIML) with 8 months of hands-on internship experience in Full Stack Web Development. Proficient in React.js, Node.js, JavaScript, HTML5, CSS3, Tailwind CSS, PHP, and Laravel. Skilled in building responsive web applications, implementing RESTful APIs, and collaborating in Agile team environments. Passionate about UI/UX design, problem-solving, database architecture, and delivering scalable digital solutions.

SKILLS

Languages: JavaScript, Python, Java, SQL, HTML5, CSS3, Tailwind CSS

Frameworks & Libraries: React.js, Node.js, Laravel, AJAX, PHP

Databases: MySQL, MongoDB

Tools & Technologies: Git, GitHub, RESTful APIs, AWS, Data Visualization, Agile Development

Core Competencies: Full Stack Development, Web Application Architecture, Database Design, UI/UX Design

WORK EXPERIENCE

Full Stack Developer Intern | August 2025 – March 2026

Viraj Soft Tech Solutions, Jabalpur, India

- Enhanced 5+ responsive web applications using JavaScript, HTML5, and CSS3, reducing page load time by approximately 20% and improving user experience.
- Collaborated with a cross-functional team of 4+ members to gather requirements and implement software solutions, reducing requirement gaps by 30%.
- Identified and resolved 15+ bugs through systematic debugging and troubleshooting, improving application stability and overall performance.
- Participated in weekly code reviews across 10+ pull requests, ensuring coding standards and best practices, contributing to a 25% reduction in post-release defects.

PROJECTS

Shaadi Jeevan – Matrimonial Web Platform | *Tailwind CSS, JavaScript, PHP*

- Built a full-stack matrimonial web platform from the ground up, supporting dynamic user profiles and secure account management for 100+ potential users.
- Designed a fully responsive UI using Tailwind CSS and JavaScript, achieving consistent cross-device compatibility across mobile, tablet, and desktop.
- Engineered secure backend functionality in PHP including user authentication, data validation, and optimized database queries, reducing server response time by 15%.
- Created 10+ reusable UI components to accelerate development speed and maintain design consistency across the entire platform.

EDUCATION

Bachelor of Technology – CSE (AIML) | Expected: July 2027

Baderia Global Institute of Engineering & Management, Jabalpur, India

12th Class – Mathematics & Science | March 2023

Millennium Academy Higher Secondary School, Jabalpur, India

CERTIFICATIONS

- AWS APAC Solutions Architecture Job Simulation** – Cloud Infrastructure & Architecture Design
- Tata Group Data Visualisation Job Simulation** – Data Analysis & Business Insights
- Deloitte Australia Cyber Job Simulation** – Cybersecurity & Threat Analysis
- Python Essentials 1** – Python Programming & Problem Solving
- Introduction to Data Science** – Data Analysis, Visualization & Machine Learning Fundamentals
- Tata GenAI Powered Data Analytics Job Simulation** – Generative AI Applications & Data Analytics
- NASSCOM IT-ITeS SSC Digital Application Fundamentals (STEM)** – Digital Tools, Productivity & Technology
